

SeaLife Aquarium

Owner – Merlin Entertainments
LSS Designer – Longhorn Organics
General Contractor – Oakhill DB

Concept

Transform the second story of an existing public aquarium into an Amazon Rainforest gallery. Exhibits include Freshwater river, Caiman Mayan temple, Python Ruins, Piranha Tunnel, and Cold Water touch pools.

Scope

Longhorn Organics provided turn key LSS services direct to the owner. Services included design, fabrication, procurement, on site installation, and commissioning of 5 LSS systems. In addition Longhorn created a custom rain and fog special effects system to compliment the overall theme in the gallery.

Summer 2015
