

## SeaWorld San Antonio

Owner – SeaWorld P&E  
LSS Designer – Longhorn Organics

### Concept

Retrofit existing shared LSS system into two separate saltwater backwash systems.

### Scope

Longhorn Organics provided turn key LSS services direct to the owner. Services included design, fabrication, procurement, on site installation, and commissioning of LSS retrofits. Completed systems allow for variation in exhibited species and simplified operation and maintenance of the systems for SWSA staff.
